Practice: Mediation, Arbitration & Litigation

Industry: ESG; Public Procurement Contracts & Infrastructures

Veronica joined the Firm in 2022. Previously, she worked for ten years at a leading national law firm.
Veronica has gained experience in civil, commercial and bankruptcy law. She assists groups and companies, both public and private, particularly in the energy, infrastructure and transport sectors as well as managing bodies of bankruptcy and extraordinary administration procedures, in litigation before ordinary judicial courts, arbitration and Alternative Dispute Resolution procedures (ADR). She also provides out-of-court and ongoing advice in support of the in-house legal teams with a specific focus on civil law and commercial contracts.
She deals with sustainability and ESG issues and has developed an in-depth cross-disciplinary knowledge of the relevant legal and regulatory framework, instrumental in assessing the compliance of business models and strategies, implementing corporate and contract governance tools, assessing impacts also along the value chain, and preventing and managing sustainability risks and any related litigation.
Veronica is recognised by Legal500 as Recommended Lawyer in Administrative and public law.
